Terms and provisions

RECEIVING ANCILLARY SERVICES

As long as you use hospitals and admitting physicians that are part of your network, your covered charges will be handled as in-network services even when affiliated physicians and other health care providers (e.g., radiologists, anesthesiologists, pathologists or surgeons) are not part of your network. All charges are subject to the maximum allowable amount.

EMERGENCY CARE BENEFIT

In emergency situations, covered charges will be handled as in-network services, no matter where services are performed. All charges are subject to the maximum allowable amount.

OUT-OF-NETWORK SERVICES

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

If you use a doctor or hospital that is not part of your network, you will not receive network discounts and you may incur additional expenses. For instance, office visit copays are not accepted by providers who are not part of your network, and the services will be handled as any other out-of-network service, subject to the maximum allowable amount. Pediatric dental and vision benefits are considered at the in-network level regardless of provider.

MAXIMUM ALLOWABLE AMOUNT

The maximum allowable amount is the most your plan pays for covered services. If you use an out-of-network provider, you are responsible for any balance in excess of the maximum allowable amount.

MEDICALLY NECESSARY CARE

To be covered, treatment, services and supplies must be medically necessary.

UTILIZATION REVIEW

Authorization is required before receiving certain types of inpatient and outpatient treatment. Benefits are reduced for transplants and specialty pharmaceuticals when not preauthorized.

SPECIALTY PHARMACEUTICAL DRUGS

Specialty drugs must be obtained from a designated specialty pharmacy provider as designated by Assurant Health to be considered at the in-network benefit level. Specialty drugs obtained from a non-designated provider will not be covered.

TRANSPLANTS

Benefits for transplants are the same as for any other illness. There is a \$10,000 limit on travel expenses for the covered person and a companion, available at an in-network provider or designated transplant provider.

DIABETIC SERVICES

Nutritional counseling is covered at first diagnosis and upon change in condition.

MATERNITY AND NEWBORN CARE

Postpartum home visit benefits are limited to one visit per delivery. Prenatal care and preconception visits with a participating provider are not subject to any deductible, copayment or coinsurance.

PEDIATRIC DENTAL AND VISION BENEFITS

Dental exams are limited to one exam every six months. Eyewear benefits consist of a choice of one pair of glasses (frames and lenses) or an annual supply of contact lenses per calendar year.

RENEWABILITY

Coverage is renewable provided there is compliance with the plan provisions, including dependent eligibility requirements; there has been no discontinuation of the plan or Assurant Health's business operations in this state; and/or you have not moved to a state where this plan is not offered. Assurant Health has the right to change premium rates upon providing appropriate notice.

Also, this exclusion does not permit the denial of coverage for health care services available to a covered person of one sex due only to the fact that the covered person is enrolled as belonging to the other sex or has undergone, or is in the process of undergoing, a gender transition
